PARENT-TEACHER MEETING

We believe that the first teacher of a child is his parent, as they know their child best. When the school and parents work together, the child benefits the most. We endeavour to work with parents as a team and consider them equal partners in the child's growth. A regular healthy interaction between the two contributes to the nurturing of a child. To enhance the growth, Parent Teacher Meetings are held wherein the parents can discuss several issues that they feel are hindering their child's learning. Face to face communication with the teacher immensely helps the parents to plan out the learning process of their child.

ORIENTATION MEETINGS

There are orientation meetings for the parents before beginning of the new session. The purpose of such meetings is to familiarize the parents with the school system, it's policies, working environment and management.

We strongly recommend parents to attend these meetings for better working and understanding of the learning process of GVPS.
